Hi Eric,

For analytical request and QAPP purposes, please can you confirm how many soil sampling locations we will need for Holy Trinity.

Canadian Radium is 7 soil samples + 1 duplicate & 2 rinsates from 7 sample locations.

Niagara Falls is 19 soil samples + 1 duplicate & 3 rinsates from 19 sample locations.

Thanks,

**Ben Nwosu**

Hi Everyone:

I just want to make sure everyone is on the same page. We have three sites that we need Geo Probe Soil Boring subcontractors and utility mark outs.

Next week, August 3-7: Canadian Radium Uranium Site  
August 10-14: Niagara Falls Boulevard Site & Holy Trinitiy Cemetery Site

Soil sampling and analysis were mentioned in the original TDDs (attached). If I need to create or approve another TDD for the subcontract bid process to progress, please let me know. We want to have the utility mark outs in place.

Regards,

Eric
